EVANS DJOSSOUV

FULL-STACK JAVASCRIPT DEVELOPER

Experienced full-stack developer with 3 years of expertise, focusing on ReactJs, NextJs, and NodeJs. Developed a welfare estimation app showcasing design and innovation capabilities. Dedicated to crafting high-performance software, I aim to leverage my skills to support startups, SMEs, and VSEs on a freelance, fixed-term, or permanent arrangement.

PROFESSIONAL BACKGROUND

FRONT-END DEVELOPMENT

Global Digital Agency | From 10/2021 to 02/2022

As a junior React developer, I designed front-end components in React.js and enhanced web applications to improve my skills.

FULL-STACK DEVELOPER

All Web Services | From 06/2022 to 12/2022

- As a full-stack developer, I oversaw the comprehensive development of front-end and back-end applications. Serving as a lead developer in React.js, Node.js, and PHP, I guided the technical team and supervised solution design.

FULL-STACK DEVELOPER

Freelance | Since January 2023

- As a freelance developer specializing in React.js and Node.js, I have crafted bespoke web applications for diverse clients, offering technical proficiency to devise personalized solutions.

FORMATIONS

Bachelor of Science
Martin Luther King College | 2017
